This map displays land status information contained in a statewide database of federal lands in Montana. The map shows land management features and the federal land units that make up a segment of the Northern Pacific Wilderness Study. The map includes land status information from the Federal Land Management and Related Agencies Land Status System. Land management features shown on this map are not intended as a legal depiction of public or private land boundaries.

For questions about the data displayed here or to report errors, please contact the Montana Natural Heritage Program at 406-444-3003 or landstatus@fws.gov.
