SOURCES / ACKNOWLEDGEMENTS
 This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library. In response to Montana Code Annotated 87-3-208, which directs the FWP to "...work cooperatively with all state and federal land management agencies... to develop accurate land ownership maps... in the State".

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USGS BLM and private enterprise. Lands depicted on this map represent single ownership of contiguous parcels that are adjacent to one another. The DOA maintains the GIS database layer and the DOR maintains the private ownership information.
 The base scale for the public ownership data is 1:500,000, though many of the recent edits incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:10,000 or smaller.
 Map produced August 2009 with ownership data current as of June 3, 2009.
