SOURCES / ACKNOWLEDGEMENTS
 This map was produced as a joint effort between the MT Dept of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library, in response to Montana Code Annotated 87-3-308, which directs the FWP to "work cooperatively with all state and federal land management agencies... to develop accurate land ownership maps... in the State".
 The MT Natural Heritage Program, MT State Library, MT Dept of Administration and MT Dept of Agriculture make no representations or warranties whatsoever with respect to the accuracy or completeness of the data contained in these maps and assume no responsibility for the suitability of these data for any particular purpose. These agencies will not be liable for any damages incurred as a result of errors displayed here.
 The ownership boundaries displayed on this map are not based on land survey data and are not a substitute for property surveys.
 This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

The private land data were developed for the Montana Categorical Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DORA), the Montana Department of Revenue (DOR), other state agencies, local governments, USFS/BLM and private enterprise. Lands depicted on this map represent single ownership of contiguous parcels that are at least 40 acres in size. The DORA maintains the GIS categorical layer and the DOR maintains the private ownership information.
 The base scale for the public ownership data is 1:100,000, though many of the recent data incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:25,000 or smaller.
 Map produced August 2009 with ownership data current as of June 3, 2009.
