**ACKNOWLEDGEMENTS / SOURCES:**  
This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library. In response to Montana Code Annotated 83-2-208, which directs the FWP to "cooperate with all state and federal land management agencies... to develop accurate land ownership maps... in the state", the public land data is from the MT Natural Heritage Program's land stewardship data collection and maintenance. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management status maps. Additional information, corrections and updates responsibility for tribal lands and private lands were added by the University of Montana, Wildlife Spatial Analysis Unit, during 1986-1989. Since 1998, the Montana Natural Heritage Program has made continuous updates and corrections, primarily for state Forest Lands, Montana Fish, Wildlife & Parks areas, US Fish & Wildlife Service areas, and conservation easements. These edits are based on data received by the various public agencies and land trusts, and have not been verified against county of Montana Department of Revenue records.

The private land data were developed for the Montana Categorical Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USFS BLM and private enterprises. Lands depicted on this map represent single ownership of contiguous parcels that are at least 40 acres in size. The DOA maintains the GIS cadastral layer and the DOR maintains the private ownership information.  
The base scale for the public ownership data is 1:100,000, though many of the recent data incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:24,000 or smaller.  
Map produced September 2004 with ownership data current as of July 2004.
