The private land data were derived from the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), and the Montana Department of Fish, Wildlife, and Parks (DFWP). Land parcels shown on this map represent single ownership or co-ownership parcels that are at least 40 acres in size. The DOA manages the GIS information and the DFWP maintains the private ownership information.
 This map shows the most current data as of 10/2008. Although many of the data boundaries are digitized from 1:24,000 scale maps or survey data, the private ownership data digitized from 1:24,000 scale maps or survey data. Private ownership data digitized from 1:24,000 scale maps or survey data.
