NOTES:
Not all legend items appear on this map.
Features shown on this map do not imply public access to any lands.
The local data displayed on this map may not be up to date and may contain errors in boundary locations and coding.
DISCLAIMER:
The MT Natural Heritage Program, MT State Library, MT Dept. of Administration and MT Dept. of Transportation are not responsible for the accuracy or completeness of the data contained in these maps and assume no liability for the use of the data for any purpose. These agencies will not be held liable for any damages incurred as a result of any use of these maps.
This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

ACKNOWLEDGEMENTS / SOURCES:
The private land data was developed for the Montana Cultural Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DCA), the Montana Department of Revenue (DOR), other state agencies, local governments, US BLM and private entities.
Local data on this map represent single ownership of contiguous parcels that are at least 40 acres in size. The DOR maintains the GIS central base and the DOR maintains the private ownership information.
The public land data is from the MT Natural Heritage Program's land ownership data collection and maintenance. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:50,000 scale BLM Surface Management data. Additional information, corrections and updates provided by the BLM and private entities were added by the University of Montana, Wildlife Spatial Analysis Unit, during 1998-1999. Since 1999, the Montana Natural Heritage Program has had the primary responsibility for updates to the public land ownership data. The data are based on data provided by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.
