NOTES:
The Bighorn Sheep may appear on this map.
Features shown on this map do not imply public access to any lands.
The land status data displayed on this map may not be complete and may contain errors in boundary locations and/or coding.
DISCLAIMERS:
The MT Natural Heritage Program, MT State Library, MT Dept.
of Natural Resources and Conservation and Montana Fish, Wildlife and Parks make no representations or warranties whatsoever with respect to the accuracy or completeness of the data contained in these maps and assume no responsibility for the suitability of these data for a particular purpose. These agencies will not be liable for any damages incurred as a result of errors displayed here. The ownership boundaries displayed on this map are not based on field surveys data and are not a substitute for property surveys.

This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

Scale of Miles

ACKNOWLEDGEMENTS / SOURCES:

This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library in response to Montana Code Annotated 87-1-209, which directs the FWP to "...work cooperatively with all state and federal land management agencies... to develop accurate land ownership maps in the State".

The public land data in from the MT Natural Heritage Program's land stewardship data collection and maintenance. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management status maps. Additional information, corrections and updates (especially for tribal lands and private lands) were added by the University of Montana, Montana Fish, Wildlife & Parks, and the MT State Library. The MT Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish, Wildlife & Park areas, US Fish & Wildlife Service areas, and conservation easements). These edits are based on data supplied by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USGS BLM and private enterprise. Ownership parcels are digitized from current tax maps and orthophotos at scales ranging from 1:2,400 to 1:24,000. The DOA maintains the GIS cadastral layer and the DOR maintains the private ownership information.

The base scale for the public ownership data is 1:100,000, though many of the recent edits incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:24,000 or smaller.

Map produced September 2004 with ownership data current as of July 2004.
