ACKNOWLEDGEMENTS / SOURCES:

This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) at the MT State Library, in response to Montana Code Annotated 87-1-209, which directs the FWP to "...work cooperatively with all state and federal land management agencies... to develop accurate land ownership maps, in the State."

The public land data is from the MT Natural Heritage Program's land stewardship data collection and maintenance. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management status maps. Additional information, corrections and updates (especially for Montana's Block Management Areas) have been added by the Montana Fish, Wildlife and Parks (FWP) since 1985/1986. Since 1988, the Montana Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish, Wildlife & Park areas, US Fish & Wildlife Service areas, and conservation easements). These edits are based on data supplied by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USDI BLM and private enterprise. Ownership information is derived from DOR Cadastral Ownership parcels that are at least 90 acres in size. The DOA maintains the DB cadastral layer and the DOR maintains the private ownership information.

The base scale for the public ownership data is 1:100,000, though many of the recent edits incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:24000 or smaller.

Map produced September 2004 with ownership data current as of July 2004.
