The public land data is from the MT Natural Heritage Program and land ownership data is from the Montana Department of Natural Resources and Conservation (DNRC). The private land data was developed by the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Natural Resources and Conservation (DNRC), the Montana Natural Resource Information System (MNRS), other state agencies, local governments, USGS BLM and private enterprises. Land depicted on this map represents single ownership or co-ownership parcels and are not all of the parcels in an area. The DNRC maintains the GIS cadastral layer and the DNRC maintains the private ownership information.

The base file for the public ownership data is 1:100,000. Many of the parcels are very small and were not shown on the 1:100,000 scale map. The private ownership data is accurate to 1:40,000 or smaller.

Map produced September 2007 with ownership data current as of August 2007.
