SOURCES/ACKNOWLEDGMENTS

This map was produced as a joint effort between the MT Dept of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library, in response to Montana Code Annotated 87-3-306, which requires the FWP to work cooperatively with local and federal land management agencies... to develop accurate land ownership maps... in the State's best interests.

The public land data is from the MT Natural Heritage Program land ownership data collection. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management Status maps. Additional information, corrections and updates (especially for tribal lands) and private lands were added by the Montana Department of Revenue (DOR) and the Montana Department of Administration (MTDA), while the Montana Natural Heritage Program has provided numerous updates and corrections specifically for state trust lands, Montana Fish, Wildlife & Parks areas, US Fish & Wildlife Service areas, and Department of Revenue lands. These data were based on data supplied by the various public agencies and land trusts, and were not verified against county or Montana Department of Revenue records.
