NOTES

All legend items may appear on this map. Features shown on this map do not necessarily represent the actual land status data displayed on this map. This map may not be used or reproduced for any other purpose without the express written permission of the Montana Department of Fish, Wildlife & Parks.

DISCLAIMERS:

The MT Natural Heritage Program, MT State Library, MT Dept of Administration and MT Dept of Revenue make no representation or warranty whatsoever with respect to the accuracy or completeness of the data contained in these maps and assume no responsibility for the usability of these data for a particular purpose. These agencies will not be liable for any damages, personal or property, resulting from the use of these data. The ownership boundaries displayed on this map are not based on land survey data and are not a substitute for a professional survey. This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

SOURCES/ACKNOWLEDGMENTS

This map was produced as a joint effort between the MT Dept of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) at the MT State Library in Helena, Montana. The Montana Department of Revenue (DOR), other state agencies, local governments, USFS/BLM and private enterprise land parcels are shown on this map. The FWP is working cooperatively with all state and federal land management agencies to develop accurate land ownership maps. In the State and Federal Land Ownership Program, the DOR maintains the GIS central layer and the DOR maintains the private ownership information.

The public land data from the MT Natural Heritage Program land ownership data collection was developed and prepared by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management Status maps. Additional land parcels were added to the map by the University of Montana, Wildlife Spatial Analysis Lab during 1998-1999. Since 1998, the Montana Department of Fish, Wildlife & Parks has made numerous updates and corrections (especially for state trust lands, Montanan Forest, wildlife areas, USFS BLM and Wildlife Reserve). This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USFS/BLM and private enterprise land parcels are shown on this map. The FWP is working cooperatively with all state and federal land management agencies to develop accurate land ownership maps. In the State and Federal Land Ownership Program, the DOR maintains the GIS central layer and the DOR maintains the private ownership information.

The base data for the public ownership data is 1:100,000 scale, though many of the private data incorporate data digitized from 1:25,000 scale maps or survey data. Private ownership data is accurate to a scale of 1:12,000 or better.

Map produced September 2007 with ownership data current as of August 2007.
