**Legend**

- Private
- State Lands
- Forest Service
- Bureau of Land Management
- National Park Service
- Other Federal Land
- Fish and Wildlife Service
- Road
- Primitive Road
- River
- Stream/Creek
- Intermittent Creek
- Township
- County Border
- Fish Wildlife & Parks Wildlife Management Area
- Interstate
- Secondary Highway
- Highway

**NOTES:**  
 Not all legend items may appear on this map.  
 Parcels shown on this map do not constitute any lands.  
 The land status data displayed on this map may not be complete and may contain errors in boundary locations and/or coding.  
**DISCLAIMERS:**  
 The MT Natural Heritage Program, MT State Library, MT Dept of Administration and MT Dept of Revenue make no representation or warranty whatsoever with respect to the accuracy or completeness of the data contained in these maps and assume no responsibility for the suitability of these data for a particular purpose. These agencies will not be liable for any damages incurred as a result of errors displayed here. The ownership boundaries displayed on this map are not based on land survey data and are not a substitute for property surveys. This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

**SOURCES / ACKNOWLEDGEMENTS**  
 This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library, in response to Montana Code Annotated 87-9-308, which directs the FWP to work cooperatively with all state and federal land management agencies, to develop accurate land ownership maps, in the State.  
 Lands displayed on this map represent large ownership contiguous parcels that are at least 60 acres in size. The DNR maintains the GIS database layer and the DNR maintains the private ownership information.  
 The public land data is from the MT Natural Heritage Program land stewardship data collection. Much of the data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management Status maps. Additional information, corrections and updates (especially for tribal lands and private lands) were added by the University of Montana, Wildlife Spatial Analysis Unit, during 1998-1999. Since 1999, the Montana Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish, Wildlife & Parks areas, US Fish & Wildlife Service areas, and conservation easements). These data are based on data supplied by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USDOI/BLM and private enterprise. Lands displayed on this map represent large ownership contiguous parcels that are at least 60 acres in size. The DOR maintains the GIS database layer and the DOR maintains the private ownership information.  
 The base scale for the public ownership data is 1:100,000, though many of the recent data incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:24,000 or smaller.  
 Map produced September 2007 with ownership data current as of August 2007.
