The Montana Department of Fish, Wildlife & Parks makes no representation or warranty for the accuracy of the data. The Montana Department of Fish, Wildlife & Parks makes no representation or warranty for the accuracy of the data.

SOURCES / ACKNOWLEDGEMENTS
 This map was produced as a joint effort between the MT Dept of Fish, Wildlife, and Parks and the Montana Natural Resource Information System (NRIS) of the Montana Department of Administration (DOA). The Montana Department of Revenue (DOR), other state agencies, local governments, USGS, and private enterprises. Land parcels on this map represent private ownership of contiguous parcels that are adjacent to public lands. The DOA maintains the GIS central layer and the DOR maintains the private ownership information.

The public land data is from the MT Natural Heritage Program land ownership data collection. Much of the data was originally digitized by the Bureau of Land Management from 1:100,000 scale BLM Surface Management Data maps. Additional information, corrections and updates (especially for vital lands and private lands) were added by the University of Montana, Wildlife Habitat Analysis Unit, during 1996-1998. Since 1998, the Montana Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish, Wildlife & Parks areas, USFS & Wildlife Refuge areas, and conservation easements). These data are based on data supplied by the various state agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data was developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USGS, and private enterprises. Land parcels on this map represent private ownership of contiguous parcels that are adjacent to public lands. The DOA maintains the GIS central layer and the DOR maintains the private ownership information.

The base scale for the private ownership data is 1:100,000, though many of the recent updates incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to within 1:24,000 or smaller.

Map produced September 2008 with ownership data current as of August 2008.
