**SOURCES / ACKNOWLEDGEMENTS**  
 This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (MFWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library. In response to Montana Code Annotated 87-3-306, which directs the MFWP to "work cooperatively with all state and federal land management agencies to develop accurate land ownership maps... in the State".  
 The public land data from the MT Natural Heritage Program land ownership data collection. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:50,000 scale BLM Surface Management Data maps. Additional information, corrections and updates were provided by the BLM and private landowners, were added by the University of Montana, with special thanks to the Montana Department of Fish, Wildlife & Parks and the Montana Department of Revenue.  
 The private land data were developed for the Montana Cadastral Database Project. This data is provided through a cooperative effort between the Montana Department of Administration (MDA), the Montana Department of Revenue (MDR), other state agencies, local governments, USGS BLM and private enterprise. Land parcels on the map represent single parcels of contiguous parcels that are at least 40 acres in size. The MDA maintains the GIS cadastral layer and the MDR maintains the private ownership information.  
 The base scale for the public ownership data is 1:50,000. Though many of the recent data incorporate data acquired from 1:24,000 scale maps or survey data. Private ownership data is accurate to scales of 1:24,000 or smaller.  
 Map produced September 2008 with ownership data current as of August 2008.
