SOURCES / ACKNOWLEDGEMENTS
 This map was produced as a joint effort between the MT Dept of Fish, Wildlife, and Parks (DFWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library. In response to Montana Code Annotated 87-2-308, which directs the DFWP to work cooperatively with all state and federal land management agencies to develop accurate land ownership maps. In the State's Public Land Data System (PLDS) from 1:100,000 scale BLM Surface Management Status maps. Additional information, corrections and updates (especially for BLM lands and private lands) were added by the University of Montana, Wildlife Spatial Analysis Unit, during 1998-1999. Since 1998, the Montana Natural Heritage Program has made numerous updates and corrections especially for state trust lands, Montana Fish, Wildlife & Parks areas, US Fish & Wildlife Service areas, and conservation easements. These data are based on data supplied by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (ODA), the Montana Department of Revenue (DOR), other state agencies, local governments, USFS/BLM and private enterprise. Lands depicted on this map represent single ownership of contiguous parcels that are adjacent to each other. The DOR maintains the GIS cadastral layer and the DOR maintains the private ownership information.

The base scale for the public ownership data is 1:100,000, though many of the report data incorporate data digitized from 1:25,000 scale maps or survey data. Private ownership data is accurate to scales of 1:24,000 or smaller.

Map produced September 2008 with ownership data current as of August 2008.
