SOURCES & ACKNOWLEDGMENTS
 The private land data were developed for the Montana Database Project by the Montana Department of Fish, Wildlife & Parks and the Montana Natural Resource Information System of the Montana Department of Administration (MDA), the Montana Department of Revenue (MDR), the Montana Department of Transportation (MDT), and the Montana Department of Natural Resources & Conservation (DNRC). The DNRC maintains the private ownership information. The public land data from the MT Natural Heritage Program and the Montana Department of Fish, Wildlife & Parks were originally prepared by the Bureau of Land Management (BLM) and the Montana Department of Fish, Wildlife & Parks. Additional data were provided by the Montana Department of Fish, Wildlife & Parks, the Montana Department of Revenue, the Montana Department of Transportation, and the Montana Department of Natural Resources & Conservation. The data are based on the most current available information. This data are based on data supplied by the various public agencies and land users, and have not been certified against a Montana Department of Fish, Wildlife & Parks map.
