NOTES:
 Not all land areas may appear on this map. Features shown on this map do not necessarily indicate public access to any lands. The land ownership data on this map may not be complete and may contain errors in boundary locations and/or ownership. DISCLAIMER: The Montana Heritage Program, MT Dept of Agriculture, and MT Dept of Forestry and Conservation are responsible for the accuracy of these data for a particular purpose. These agencies are not liable for any damages, claims, or losses resulting from the use of the data. The ownership boundaries displayed on this map are not based on land survey data and are not a substitute for property ownership. This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

SOURCES/ACKNOWLEDGEMENTS
 The private land data was developed for the Montana Caddisfly Database Project. These data are provided through a cooperative agreement between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), and the Montana Department of Forestry and Conservation (DFC). Land data on this map represent single ownership parcels. Parcels are based on the GIS database layer and the DOR maintains the private ownership information.

The base scale for the public ownership data is 1:50,000. Despite many of the recent data updates, the 1:50,000 scale may not be accurate. Private ownership data is accurate to scales of 1:24,000 or smaller.
