

Private Land Ownership Identification

PLAINS - (47114a)

Montana State Library – 1515 East 6th Avenue
Helena, Montana – (406) 444-5357

The legend is organized into three columns. The first column lists land ownership types with corresponding colored squares: Private (orange), Forest Service (light green), Bureau of Land Management (yellow), National Park Service (gray), Other Federal Land (tan), and Fish and Wildlife Service (teal). The second column lists other entities with corresponding colored squares: State Lands (light blue), Local Govt (light gray), Native American (peach), MFWP - WMA (purple hatching), Lake/Reservoir (blue), Interstate (green), Secondary Highway (black), and Highway (dark gray). The third column lists geographical and administrative features with corresponding line patterns: Road (solid black), Primitive Road (dashed black), River (thin solid black), Stream/Creek (thin dashed black), Intermittent Creek (dash-dot black), Township (solid green), County Border (solid gray), and Fish Wildlife & Parks / Wildlife Management Area (solid dark blue).

Land Ownership	Entity	Feature
Private		Road
Forest Service		Primitive Road
Bureau of Land Management		River
National Park Service		Stream/Creek
Other Federal Land		Intermittent Creek
Fish and Wildlife Service		Township
	State Lands	County Border
	Local Govt	Fish Wildlife & Parks
	Native American	Wildlife Management Area
	MFWP - WMA	
	Lake/Reservoir	
	Interstate	
	Secondary Highway	
	Highway	

NOTES:

Not all legend items may appear on this map.

Features shown on this map do not imply public access to any lands.

The land status data displayed on this map may not be complete and may contain errors in boundary locations and/or coding.

DISCLAIMERS:

The MT Natural Heritage Program, MT State Library, MT Dept. of Administration and MT Dept. of Revenue make no representations or warranties whatsoever with respect to the accuracy or completeness of the data contained in these maps and assumes no responsibility for the suitability of these data for a particular purpose. These agencies will not be liable for any damages incurred as a result of errors displayed here. The ownership boundaries displayed on this map are not based on land survey data and are not a substitute for property surveys.

This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

SOURCES / ACKNOWLEDGEMENTS

This map was produced as a joint effort between the Fish and Parks (FWP) and the Montana Natural Resources the MT State Library, in response to Montana Code which directs the FWP to "... work cooperatively with all state management agencies... to develop accurate land ownership maps."

The public land data is from the MT Natural Heritage data collection. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Survey maps. Additional information, corrections and updates (especially for private lands) were added by the University of Montana's Geographic Analysis Unit, during 1996-1998. Since 1998, the Montana Natural Heritage Program has made numerous updates and corrections to the lands, Montana Fish, wildlife & Park areas, US Fish and Wildlife Service areas, and conservation easements. These edits are based on various public agency records and county or Montana Department of Revenue records.

Private

ate land data were developed for the state are provided through a cooperative arrangement between the Department of Administration (DOA), the Monroe County Landmarks Commission, state agencies, local governments, USGS, and the public. The parcels depicted on this map represent single ownership units of land that are at least 40 acres in size. The DOA maintains the ownership data for the state, and the DOR maintains the private ownership data for the county.

The scale for the public ownership data is 1:250,000, and the private ownership data is 1:250,000. The public ownership data is accurate to scales of 1:250,000 and 1:100,000. The private ownership data is accurate to scales of 1:250,000 and 1:100,000.
