

NOTES:
Not all legends items may appear on this map.
Features shown on this map do not imply public access to any lands.
The land status data displayed on this map may not be complete and may contain errors in boundary locations and/or coding.

DISCLAIMERS:
The MT National Heritage Program, MT State Library, MT Dept. of Administration and MT Dept. of Revenue make no representations or warranties whatsoever with respect to the accuracy or completeness of the data contained in these maps and assumes no responsibility for the suitability of these data for a particular purpose. These agencies will not be liable for any damages incurred as a result of errors displayed here.
The several boundaries displayed on this map are not based on land survey data and are not a substitute for properly surveyed maps.
This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

SOURCES/ACKNOWLEDGEMENTS

This map was produced as a joint effort between the MT Dept of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (MNRIS) at the MT State Library. In response to Montana Code Annotated 67-3-303, which directs the FWP to "work cooperatively with all state and federal land management agencies...to develop accurate land ownership maps...in the State".

The public land data from the MT Natural Heritage Program land stewardship data collection. Much of this data was originally supplied by the Bureau of Land Management (BLM) from 1980 to 1995. The BLM has since been replaced by the U.S. Fish & Wildlife Service (USFWS). Additional information, corrections and updates (especially for in-bands and private lands) were added by the University of Montana, Wildlife Spatial Analysis Unit, during 1995-1996. Since 1996, the Montana Natural Resource Information System (MNRIS) has been the primary source of public land data. Montana Fish, Wildlife & Parks areas, U.S. Fish & Wildlife Service areas, and conservation easements. These areas are based on data supplied by the U.S. Fish & Wildlife Service and the Montana Department of Fish, Wildlife & Parks. All data were verified against county of Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (DOA), the Montana Department of Revenue (DOR), other state agencies, local governments, USBF BLM and private enterprise. Lands depicted on this map represent single ownership of contiguous parcels that are at least 40 acres in size. The DOA maintains the GIS cadastral layer and the DOR maintains the private ownership information.

The base scale for the public ownership data is 1:100,000, though many of the recent edits incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data are utilized to scales of 1:24,000 or smaller.
