SOURCES / ACKNOWLEDGMENTS:
 This map was produced as a joint effort between the MT Dept. of Fish, Wildlife & Parks, MT State Library, MT Dept. of Administration and MT Dept. of Revenue. These data are provided through a cooperative effort between the Montana Department of Administration (ODA), the Montana Department of Revenue (DOR), other state agencies, local governments, USGS BLM and private enterprise. Land parcels on this map represent large contiguous parcels. Private land parcels are shown in white. The ODA maintains the GIS cadastral layer and the DOR maintains the private ownership information.
 The public land data is from the MT Natural Heritage Program land stewardship data collection. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:50,000 scale BLM Surface Management Data maps. Additional information, corrections and updates were provided by the BLM and private lands (and lands) were added by the University of Montana, Wildlife Spatial Analysis Unit, during 1996-1998. Since 1998, the Montana Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish, Wildlife & Parks areas, US Fish & Wildlife Service areas, and other agencies and land trusts). These data were updated by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (ODA), the Montana Department of Revenue (DOR), other state agencies, local governments, USGS BLM and private enterprise. Land parcels on this map represent large contiguous parcels. Private land parcels are shown in white. The ODA maintains the GIS cadastral layer and the DOR maintains the private ownership information.
