 The ownership boundaries displayed on this map are not based on land survey data and are not a substitute for property surveys.
 This map displays public and private land ownership information derived from several sources and continues to be corrected and updated.

SOURCES / ACKNOWLEDGEMENTS
 This map was produced as a joint effort between the MT Dept. of Fish, Wildlife, and Parks (FWP) and the Montana Natural Resource Information System (NRIS) of the MT State Library, in response to Montana Code Annotated § 9-3-206, which directs the FWP to "work cooperatively with all state and federal land management agencies... to develop accurate land ownership maps... in the State".
 The public land data in this map from the MT Natural Heritage Program land ownership data collection. Much of the data was originally digitized by the Forest and Management (BLM) from 1:50,000 scale BLM Surface Management Data maps. Additional information, corrections and updates were provided by the BLM. Private land data was added by the University of Montana - Wildlife Spatial Analysis Laboratory in 1996-1998. Since 1998, the Montana Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish and Wildlife Park, and Wildlife Service areas, and other easements). These data are based on data supplied by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.
