NOTES:
 Not legend items may appear on this map.
 Features shown on this map do not imply public access to any lands.
 The land status data depicted on this map may contain errors and may not be current.
 DISCLAIMER:
 The MT Fish and Wildlife Program, MT State Library, MT Dept of Administration and MT Dept of Revenue make no representations or warranties whatsoever with respect to the accuracy or completeness of the data contained in these maps and assume no responsibility for the suitability of these data for a particular purpose. These agencies will be liable for any damages incurred as a result of errors displayed here. The ownership boundaries depicted on this map are not based on land survey data and are not a substitute for a property survey.
 This map depicts public and private land ownership information derived from several sources and continues to be corrected and updated.

SOURCES/ACKNOWLEDGEMENTS
 This map was produced as a joint effort between the MT Dept. of Fish, Wildlife and Parks (FWP) and the Montana Natural Resource Information System (NRIS) at the MT State Library, in response to Montana Code Annotated 87-3-308, which directs the FWP to work cooperatively with all state and federal land management agencies. It developed accurate land ownership maps. The public land data is from the MT Natural Heritage Program land stewardship data collection. Much of this data was originally digitized by the Bureau of Land Management (BLM) from 1:100,000 scale BLM Surface Management Maps. Maps were made available for public use in 1998. The BLM provides the public with the most current information, corrections and updates (especially for BLM lands) and private lands were added by the University of Montana, Wildlife Spatial Analysis Unit. During 1998-1999. Since 1998, the Montana Natural Heritage Program has made numerous updates and corrections (especially for state trust lands, Montana Fish, Wildlife & Parks areas, USFWS & Wildlife Service areas, and conservation easements). These data are based on data supplied by the various public agencies and land trusts, and have not been verified against county or Montana Department of Revenue records.

The private land data were developed for the Montana Cadastral Database Project. These data are provided through a cooperative effort between the Montana Department of Administration (ODA), the Montana Department of Revenue (DOR), other state agencies, local governments, USFS BLM and private enterprises. Lands depicted on this map represent single ownership or contiguous parcels that are adjacent to state lands. The ODA maintains the private cadastral register and the DOR maintains the private ownership information.
 The base scale for the public ownership data is 1:100,000. The GIS data of the recent data incorporate data digitized from 1:24,000 scale maps or survey data. Private ownership data is accurate to scale of 1:24,000 or smaller.
 Map produced August 2008 with ownership data current as of June 3, 2009.
